

OGDEN-LAYTON AREA TRANSPORTATION TECHNICAL ADVISORY COMMITTEE

August 3, 2005

10:05 a.m. – 10:30 a.m., Centerville City, Utah

MEETING SUMMARY

AGENDA ITEM	DISCUSSION	ACTION
1. Approval of 05/4/05 Summary	Meeting summary was approved as submitted.	Approved
2. Amendment of 2004-2008 TIP	<p>Ben Wuthrich, WFRC, stated the Wasatch Front Regional Council received three requests to amend the 2004-2008 Transportation Improvement Program (TIP). Two of these requests came for the Department of Transportation (UDOT). Ben stated that only one request is for the Ogden/Layton area and the other 2 are for the Salt Lake area.</p> <p>Ben explained that the additional funding request was from Riverdale and Washington Terrace for an additional \$905,492 for their project on 300 West from Riverdale Road to 4400 South. He stated that this request came as a result of the updated construction costs, overall project cost increases, and project contingency. He also added that this request would not impact other projects on the program and will facilitate the completion of this project as programmed.</p> <p>Ben said that the proposed TIP amendment did not need to be reviewed for conformity and consistency with the State Implementation Plan because the amended projects are already included in the TIP or exempt from air quality conformity requirements according to 40 CFR Par 93.136, Table 2-Exempt Projects.</p> <p>The amendment was made available for public review and comment by UDOT and WFRC from July 5th through August 10th. He added that no comments have been received at this time. However, WFRC staff will bring any comments received between now and August 10th to Trans Com.</p> <p>A motion was made that Trans Com approve the amendment to the 2004-2008 TIP by Randy Park and seconded by Paul Vidmar.</p> <p>For more information contact Ben Wuthrich, at 773-5559 or bwuthrich@wfr.org.</p>	Approved
3. Approve 2006-2010 TIP	<p>Ben Wuthrich, WFRC, provided copies of the 2006-2010 draft TIP (which can be found on www.wfrc.org). He stated that the 2006-2010 TIP was reviewed by Trans Com and the Regional Council in May and is available for public review. He said that the draft TIP shows conformity to the state air quality plans using the latest planning assumptions and models. The public comment period was extended from July 5th to August 10th. Again he added that no comments have been received at this time. Ben mentioned that during the public comment period four meetings were held. The meetings were in Sandy City Hall, Ogden Eccles Conference Center, the Columbus Senior Community Center in South Salt Lake, and Farmington City Community Center. He stated these meetings were held in conjunction with the Wasatch Choices 2040 open houses.</p> <p>Ben stated that WFRC staff recommends that the Technical Committee recommend approval of the TIP and its conformity finding to Trans Com. A motion was made by Paul Vidmar that the 2006-2010 TIP be recommended for approval to Trans Com. A seconded made by Randy Park.</p> <p>For more information contact Ben Wuthrich, at 773-5559 or bwuthrich@wfr.org.</p>	Approved
