

WASATCH FRONT REGIONAL COUNCIL

SALT LAKE AREA TRANSCOM TECHNICAL ADVISORY COMMITTEE (TAC)

February 26, 2014
10:00 am – 11:30 am, West Valley Cultural Center
MEETING SUMMARY

AGENDA ITEM	DISCUSSION	ACTION
1. Meeting Summary	Summary of the January 29, 2014 TransCom TAC meeting was presented for approval.	Approved
2. TIP Business	<p>Board Modification – Ben Wuthrich of WFRC discussed two projects seeking a Board Modification.</p> <ol style="list-style-type: none"> 1. West Jordan – 7000 S study from Bangerter Highway to Redwood Road (study scope extended to 1300 W.) 2. Riverton – 13400 S from Bangerter Highway to Mountain View Corridor. (need an additional \$300K to complete) <p>Ben Wuthrich of WFRC presented a “virtual tour” and a detailed list of projects submitted for funding approval for the 2015-2020 TIP. . Total requested funds and available funds are as follows:</p> <p style="padding-left: 40px;">TAP - \$0.7 M available, \$3.1 M requested, funds available <u>2015</u> STP - \$20.5 M available, \$137 M requested, funds available 2020 CMAQ - \$7 M available, \$22.1 M requested, funds available 2020</p> <p>He noted that TAP funds for 2015 have yet to be approved by FHWA and are not guaranteed.</p> <p>Ben encouraged committee members to review the details in the spreadsheet or online and to report any discrepancies in the project details and data as quickly as possible. Staff recommendations will be presented at the March TAC meeting, and then the TAC members will make the final recommendation to be presented to Trans Com. Ben noted that CMAQ projects will be scored by the cost per air quality benefit. He also pointed out that the scores in the TAP projects were set to the same value as a temporary placeholder value so all project data can be checked for accuracy without any bias.</p> <p>There were a few questions and clarifications on projects. UTA pointed out that the Depot District Service Center had applied for both a single year of \$4.0M of CMAQ funds, and 3 years of CMAQ funds totaling \$12.0M. Projects 39 and 40 repeat the same description for each project, but these are separate and unique projects.</p> <p>Dave Murphy of West Jordan suggested that the TAC declare a preference for a few large projects, several small projects, or partial funding of requests. The Committee did not express a preference for any one of these strategies, but all of these options are available to the Committee as part of the project selection process.</p> <p>The question was asked if increasing the local matching share of a project improves how the project is scored and Ben confirmed that is the case.</p>	<p>Approved</p> <p>Approved</p> <p>Information</p>
