
TABLE OF CONTENTS

I. OVERVIEW	1
● Abstract	3
II. INTRODUCTION	5
● Overview Of The 2030 Update Process	5
● Legislative Overview	11
● Goals And Objectives	13
III. GENERAL AREA CHARACTERISTICS	15
● Physical Characteristics	15
● Socioeconomic Characteristics	17
● Land Use Characteristics	22
● Wasatch Front Urban Environment	32
IV. LONG RANGE CAPACITY NEEDS	39
● Highway Improvement Needs	47
● Transit Improvement Needs	50
● Other Transportation Mode Needs	52
● Intermodal Facility Needs	53
● Freight Movement	56
● Air Transportation	60
● Pavement Preservation Needs	63
V. LONG RANGE PLAN ALTERNATIVES	65
● Development of Alternatives	65
● Direction And Emphasis	67
● Alternative Highway And Transit Project Selection	68
● Evaluation of Alternatives	79
● 2030 LRP Update Recommendations	85
VI. LONG RANGE PLAN RECOMMENDATIONS	89
● Overview Of Recommendations	89
● Previous Project Improvements	90
● Highway Improvements For 2030	92

● Transit Improvements For 2030	105
● Illustrative Projects For 2030	116
● Metropolitan Airports System	117
● Intelligent Transportation Systems	121
● Other Transportation Mode Recommendations	126
● Typical Road Cross Sections	130
● Transportation Enhancements	132
● Congestion Management System	133
● Homeland Security	135
VII. PLAN IMPACTS AND EVALUATION	137
● Transportation Impacts	137
● Social Impacts	141
● Economic Impacts	147
● Environmental Impacts	149
● Environmental Justice	165
● Air Quality Conformity	174
● NEPA And The 2030 LRP Update	179
● Regional Growth Principles	179
● TEA-21 Planning Factors	179
VIII. FINANCIAL PLAN	183
● Projected Revenues	183
● Highway Revenue Sources	183
● Transit Revenue Sources	187
● Projected Costs	190
● Highway Cost Estimates	190
● Transit Cost Estimates	194
IX. CONTINUED PLANNING AND UPDATE	199
● System Monitoring	199
● Management Systems	199
● Plan Refinement Studies	200
● Transportation Improvement Program	203
● Modeling Capabilities	204
● Future Plan Updates	205
X. GLOSSARY	207

LIST OF FIGURES, MAPS AND TABLES

FIGURES

II-1	Wasatch Front Regional Council Long Range Transportation Planning Process	10
II-2	TEA-21 Factors To Be Considered In Developing Regional Transportation Plans	12
II-3	Wasatch Front Urban Area - General LRP Goals And Objectives	13
III-1	Wasatch Front Urban Area - 2001 Accident Rates Per Million VMT	29
IV-1	Total Weekday Person Trips by District: 2001 Versus 2030	42
IV-2	Wasatch Front Urban Area - Total Daily VMT by District	43
IV-3	Wasatch Front Urban Area - North/South Freeway VMT by District	44
IV-4	Wasatch Front Urban Area - East/West Freeway VMT by District	44
IV-5	Wasatch Front Urban Area - North/South Arterial VMT by District	45
IV-6	Wasatch Front Urban Area - East/West Arterial VMT by District	45
IV-7	Wasatch Front Urban Area - Total PM Delay (Vehicle Hours) by District	46
IV-8	Wasatch Front Urban Area - Average PM Speed by District	46
IV-9	Wasatch Front Urban Area Pavement Condition International Roughness Index	63
IV-10	Wasatch Front Urban Area Pavement Condition Crack Density Index	64
VI-1	Wasatch Front Urban Area Transit Plan Objectives For 2030 LRP Update	106
VI-2	Typical Street Sections And Capacities	131
VII-1	Wasatch Front Urban Area - PM Delay Comparison	138
VII-2	Salt Lake City Carbon Monoxide (CO)	175
VII-3	Ogden City Carbon Monoxide (CO)	176
VII-4	Salt Lake County Particulate Matter (PM10) - Dust	177
VII-5	Salt Lake County Particulate Matter (PM10) - Nox Precursor	177
VII-6	Salt Lake And Davis County Ozone - Nox Precursor	178
VII-7	Salt Lake And Davis County Ozone - VOC Precursor	178
